## **June Patio Luncheon & Tour**

**Friday, June 14, 2002**

**NAC Le Café - By the Canal**

### **Tour of the School of Information Technology and Engineering, University of Ottawa**

*with*

**Andrew Mackinnon & Philip Gabriel, Gabriel/design**

**10:00 a.m. - Tour begins**

**Meet in the rotunda, the main entrance of the SITE building, enter off King Edward Ave.**

**12:00 Noon - Lunch at Le Café, National Arts Centre**

**Cost: \$30.00**

Andrew Mackinnon and Philip Gabriel, of Gabriel/design, invite you on a tour of one of Ottawa's most unique additions to the architectural landscape, the University of Ottawa's School of Information Technology & Engineering (SITE).

As we tour the facility, we will examine how the lighting design meets the many challenges that the unique architectural design creates. We will investigate the design process and demonstrate how a lighting design is developed from concept to installation, with input from architect to contractor. This building provides clear examples of design team coordination that worked, and what happens when it doesn't work as well as it could!

The tour will have a relaxed pace, with lots of time for questions and discussion.

Parking is available at the Recreation Centre parking garage off Mann Avenue or you could try nearby side street parking.

**For more information or to make a reservation, contact Donna Boag at 842-8902 or [pboag@attglobal.net](mailto:pboag@attglobal.net). Registration is limited to 30 people, so make your reservation early! RSVP by Noon Wednesday, June 12, 2002.**
